PROFESSIONAL SUMMARY

Next.js Developer with 1.2+ years of production experience building full-stack applications. Currently working on Next.js enterprise platforms. Strong expertise in server-side rendering, API routes, and modern React patterns. Proven track record of delivering scalable, performant applications with focus on SEO and user experience. Experienced in Git workflows, Agile methodologies, and code quality practices.

TECHNICAL SKILLS

Frontend Technologies: Next.js, React.js, JavaScript ES6+, HTML5, CSS3, Responsive Design, Mobile-first Development, Component Architecture, Server-side Rendering (SSR), Static Site Generation (SSG)

Backend/Full-Stack: API Routes, Node.js basics, RESTful API integration, Database integration patterns

Version Control: Git, GitHub, GitLab, Pull Requests, Code Review, Merge Conflict Resolution, Branch Management

Project Management: Jira, Agile, Scrum, Sprint Planning, Story Points, Issue Tracking, Confluence

Development Practices: Code Reviews, Debugging, Performance Optimization, Lazy Loading, Asynchronous JavaScript, Testing Frameworks (Jest, React Testing Library), Accessibility Standards, SEO Optimization

Tools & Platforms: VS Code, Cursor, Windsurf, Chrome DevTools, Postman, Figma, npm/yarn, Vercel

PROFESSIONAL EXPERIENCE

Frontend Engineer | TechStuff

May 2026 - Present

- Building scalable Next.js applications for enterprise platform
- Implementing server-side rendering and static generation for optimal performance
- Creating and managing API routes for backend integration
- Optimizing application performance and SEO for search engines
- Collaborating with product and design teams on feature development

Full-Stack Frontend Developer (via Mercanis Project) | TechStuff

Apr 2025 - Apr 2026

- Developed 8+ production features using modern JavaScript and component-based architecture
- Implemented performance optimizations including lazy loading and code splitting
- Achieved ~40% reduction in initial load time through optimization techniques
- Conducted 50+ code reviews with detailed feedback on code quality and performance
- Managed Git workflows, including feature branches, pull requests, and conflict resolution

Frontend Developer Intern | TechStuff

Feb 2025 - Aug 2025

- Learned full-stack JavaScript development fundamentals
- Understood web application architecture and rendering strategies
- Gained hands-on experience with Git workflows and collaborative development

EDUCATION

Bachelor of Technology, Computer Science & Engineering

Barkatullah University, Bhopal M.P. | 2020-2024 | CGPA: 7.89
