PROFESSIONAL SUMMARY

React Developer with 1.2+ years of production experience building scalable, component-based UI applications. Strong foundation in React fundamentals (hooks, state management, component lifecycle). Proven ability to work with modern JavaScript, collaborate across teams, and implement performance optimizations. Experienced in Git workflows, Agile development, and code quality practices.

TECHNICAL SKILLS

Frontend Technologies: React.js, JavaScript ES6+, HTML5, CSS3, Responsive Design, Mobile-first Development, Component Architecture, DOM Manipulation, Hooks, State Management (Redux, Context API), Accessibility (a11y)

Version Control: Git, GitHub, GitLab, Pull Requests, Code Review, Merge Conflict Resolution, Branch Management

Project Management: Jira, Agile, Scrum, Sprint Planning, Story Points, Issue Tracking, Confluence

Development Practices: Code Reviews, Debugging, API Integration, Performance Optimization, Lazy Loading, Asynchronous JavaScript, Testing Frameworks (Jest, React Testing Library), Accessibility Standards

Tools & Platforms: VS Code, Cursor, Windsurf, Chrome DevTools, Postman, Figma, npm/yarn

PROFESSIONAL EXPERIENCE

Frontend Engineer | TechStuff

May 2026 - Present

- Building scalable React applications for enterprise platform
- Implementing hooks and state management for complex component logic
- Optimizing component performance through memoization and code splitting
- Collaborating with backend and design teams on feature development
- Maintaining high code quality through peer reviews and testing

React Developer (via Mercanis Project) | TechStuff

Apr 2025 - Apr 2026

- Developed 8+ production features using modern JavaScript and component-based architecture
- Built reusable React components following best practices and design patterns
- Implemented state management for complex data flows
- Conducted 50+ code reviews with detailed feedback on code quality and performance
- Optimized application performance, reducing load time by ~40%
- Collaborated with cross-functional teams on feature delivery

Frontend Developer Intern | TechStuff

Feb 2025 - Aug 2025

- Learned React fundamentals and modern JavaScript (ES6+)
- Contributed to component development and UI implementation
- Gained hands-on experience with Git workflows and code review processes

EDUCATION

Bachelor of Technology, Computer Science & Engineering

Barkatullah University, Bhopal M.P. | 2020-2024 | CGPA: 7.89
