PROFESSIONAL SUMMARY

Full-Stack Developer with 1+ year of production experience building complete web applications. Proficient in MERN stack (MongoDB, Express, React, Node.js) with strong focus on both frontend and backend development. Proven ability to architect scalable solutions, manage databases, and implement robust APIs. Experienced in Git workflows, Agile development, and maintaining high code quality across the entire stack.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript ES6+, HTML5, CSS3, Responsive Design, Component Architecture, State Management (Redux, Context API), Hooks

Backend/Full-Stack: Node.js, Express.js, REST API development, API design patterns, Middleware implementation

Database: MongoDB, Database modeling, Query optimization, Data validation

Version Control: Git, GitHub, GitLab, Pull Requests, Code Review, Merge Conflict Resolution, Branch Management

Project Management: Jira, Agile, Scrum, Sprint Planning, Story Points, Issue Tracking, Confluence

Development Practices: Code Reviews, Debugging, API Integration, Performance Optimization, Testing Frameworks (Jest, Mocha), Asynchronous JavaScript, Accessibility Standards

Tools & Platforms: VS Code, Cursor, Windsurf, Chrome DevTools, Postman, MongoDB Compass, npm/yarn, Figma

PROFESSIONAL EXPERIENCE

Frontend Engineer | TechStuff (Product)

May 2026 - Present

- Building scalable full-stack applications for enterprise product
- Implementing both frontend components and backend API logic
- Designing and optimizing database schemas for performance
- Collaborating with team members on architecture and feature design
- Maintaining code quality across both frontend and backend layers

Full-Stack Developer | Mercanis (Client Project)

Feb 2025 - Apr 2026 (1 Year)

- Developed 8+ production features using modern JavaScript and component-based architecture
- Implemented both frontend UI and backend logic for complex features
- Achieved ~40% improvement in application performance through optimization
- Conducted 50+ code reviews with detailed feedback on code quality and best practices
- Managed API integration and data flow between frontend and backend
- Handled Git workflows including feature branches, pull requests, and conflict resolution
- Participated in sprint planning, standups, and retrospectives
- Collaborated with cross-functional teams on architecture and feature delivery

EDUCATION

Bachelor of Technology, Computer Science & Engineering

Barkatullah University, Bhopal M.P. | 2020-2024 | CGPA: 7.89
